

WAR, HI-JACKING AND OTHER PERILS EXCLUSION CLAUSE (AVIATION)

This Policy does not cover claims caused by

- (a) War, invasion, acts of foreign enemies, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection, martial law, military or usurped power or attempts at usurpation of power.
- (b) Any hostile
 - (i) detonation of any device employing atomic or nuclear fission and/or fusion or other like reaction and any radioactive contamination and electromagnetic pulse resulting directly from such detonation.
 - (ii) use of radioactive contamination or matter.
 - (iii) use of an electromagnetic pulse.
 - (iv) emission, discharge, or release of chemical or biological materials that are poisonous or pathogenic.
- (c) Strikes, riots, civil commotions or labour disturbances.
- (d) Any act of one or more persons, whether or not agents of a sovereign power, for political or terrorist purposes and whether the loss or damage resulting therefrom is accidental or intentional.
- (e) Any malicious act or act of sabotage.
- (f) Confiscation, nationalisation, seizure, restraint, detention, appropriation, requisition for title or use by or under the order of any government (whether civil, military or de facto) or public or local authority.
- (g) Hi-jacking or any unlawful seizure or wrongful exercise of control of the Aircraft or crew in flight (including any attempt at such seizure or control) made by any person or persons on board the Aircraft acting without the consent of the Insured. For the purpose of this exclusion (g) only, an aircraft is considered to be in flight at any time from the moment when all its external doors are closed following embarkation until the moment when any such door is opened for disembarkation or when the aircraft is in motion. A rotor-wing aircraft shall be deemed to be in flight when the rotors are in motion as a result of engine power, the momentum generated therefrom, or autorotation.

Furthermore this Policy does not cover claims arising whilst the Aircraft is outside the control of the Insured by reason of any of the above perils. The Aircraft shall be deemed to have been restored to the control of the Insured on the safe return of the Aircraft to the Insured at an airfield not excluded by the geographical limits of this Policy, and entirely suitable for the operation of the Aircraft (such safe return shall require that the Aircraft be parked with engines shut down and under no duress).

In common with all AICG produced AVN Clauses, this Clause is published by AICG, but it is expressly non-binding and AICG makes no recommendation as to its use in particular policies. Insurers are of course free to offer different policy wordings and clauses to their policy holders.
